

To our Animal Wellness Center friends and family:

Firstly, we'd like to thank you for your continued support, your patience, and your understanding as we all try to adapt and weather these unprecedented circumstances together. We, like many of you, are a small business trying to ensure the health and wellbeing of all of our staff, our patients, and you, our Animal Wellness center friends and family. To that end, we wanted to reach out and inform you that, under Governor Evers mandate, we are considered essential to the infrastructure. As such, we will continue to make ourselves available to you in order to ensure that your pets can continue to receive the best possible care.

Please note that we are continuing to provide medical services, surgical services, and vaccines as required by Wisconsin state law. Please be aware that as the specifics of the "safer-at-home" mandate continue to become more clear, the way in which we are able to provide services may continue to evolve. We strongly encourage you to call if you have any questions about our services, or the health of your pet!

Stay safe and stay healthy!

The Animal Wellness Team
